**DECLARATION AND POWER OF ATTORNEY FOR APPLICATION
FOR REISSUE OF U.S. PATENT NO. 6,346,476**

Dear Sir:

As a below-named inventor, I hereby declare that:

Pursuant to the requirements of 37 C.F.R. §1.63(a)(3), my residence and country of citizenship are provided below next to my name.

I hereby state that I and the other inventors signing below are the original, first and joint inventors of the subject matter which is described and claimed in U.S. Patent 6,346,476, and of the subject matter which is claimed in the application for reissue of U.S. Patent 6,346,476, which application is attached hereto.

I hereby state that I have reviewed and understand the contents of the specification, including the claims, as included with this application for reissue.

Pursuant to the requirements of 37 C.F.R. §1.175(a)(1), I believe that U.S. Patent No. 6,346,476 is wholly or partly inoperative by reason of the patentee claiming less than I had a right to claim in the patent.

At Least One Error under 35 U.S.C. §251 as to the Scope of the Original Claims being Relied on as the Basis for Reissue.

The error involves the failure to claim the invention as broadly as I am entitled. One such error involves the un-necessary limitation in the claims of "so that there is enhanced a line-to-line capacitance uniformity of the patterned conductive layer," as per issued claims 1 and 14. This limitation is not necessary to the invention or to distinguish over the prior art and results in a narrower claim scope than to which I am entitled. Other errors exist as well which I seek to correct through reissue.

Pursuant to requirements of 37 C.F.R. §1.175(a)(2), I state that all errors being corrected in the reissue application up to the time of filing this Declaration arose without any deceptive intention on the part of the Applicants.

Pursuant to requirements of 37 C.F.R. §1.63(b)(3), I acknowledge the duty to disclose to the Office all information known to Applicants to be material to patentability as defined in 37 C.F.R. §1.56.

Pursuant to requirements of 37 C.F.R. §1.68, I declare further that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

I hereby appoint the following individuals as my representatives with full power of substitution and revocation to prosecute a Reissue application upon U.S. Patent No. 6,346,476
